6th NOVEMBER, BELGRADE

SERBIAN LOGISTICS ASSOCIATION (SLA)

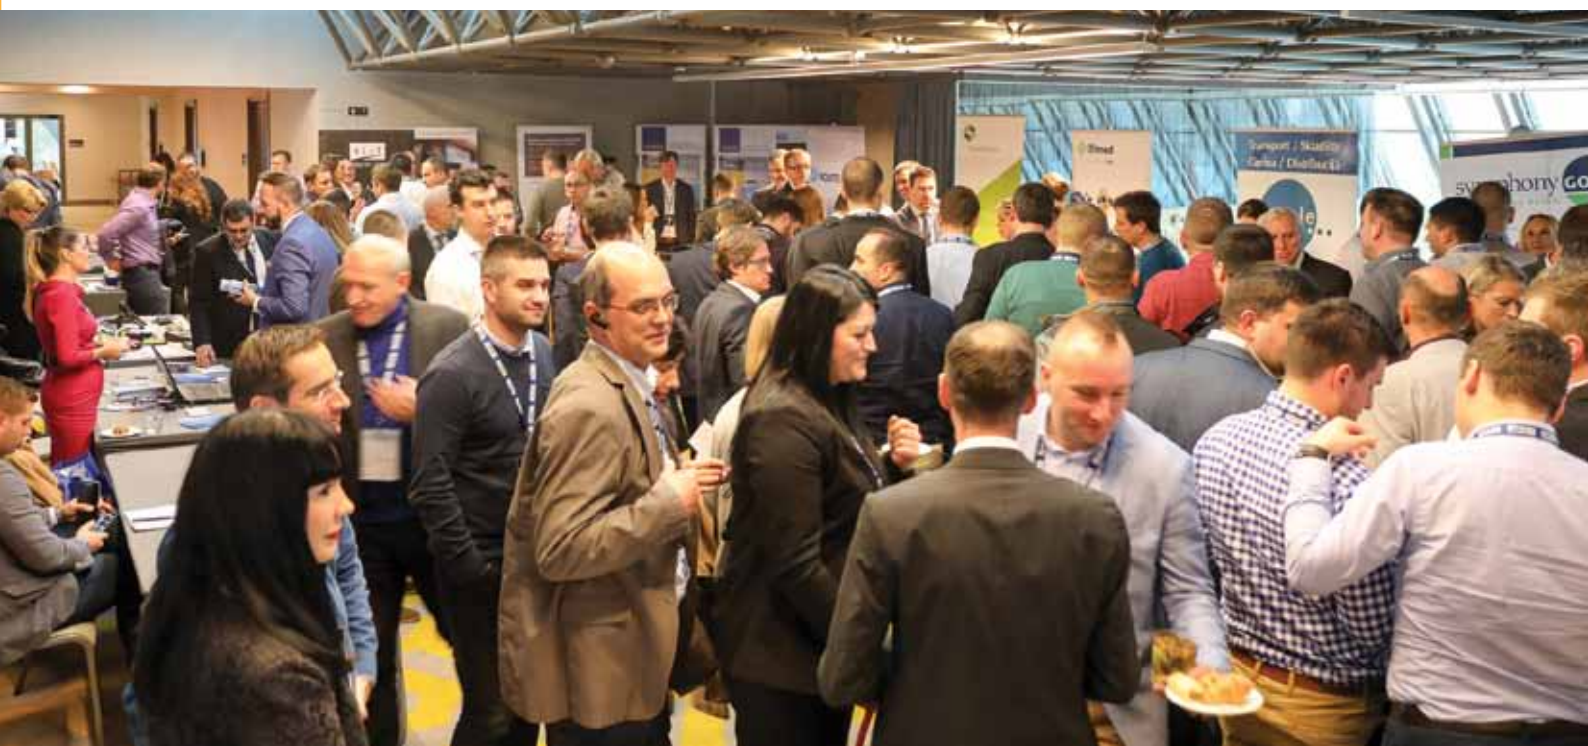

SLA is open organization of people who in their business, education and research meet transportation, logistics and supply chain activities. SLA is voluntary association with goal to improve logistics in Serbia, professional development of its members and to increase efficiency and productivity of logistics operations in business organizations and supply chains.

SLA in November 2018 organizes 7th annual conference with the subject
LOGISTIC 4.0 - WHAT DOES THE BUSINESS NEED?

This years logistics is focused, even harder, on information technology, digitalisation and optimisation of logistic processes by using the cutting edge innovations of the world of modern technologies. Modern logistics, so called logistics 4.0 is more often and more readily implemented in modern enterprises that want to develop their business. Logistics companies, especially those large, dynamic and wishing to complete in the rapidly growing market, need strive to be a market leader by all means if they want to maintain their status and position on the market. The competition between enterprises is visible considering the choice of technologies, development of ready-made tools and implementing depending on the needs of given companies or establishing cooperation with implementing companies which create custom ready solutions for TSL industry (transportation, shipping, logistics) companies.

INTERNATIONAL LOGISTIC FAIR LogExpo

For the first time in this market, SLA organizes International Logistic Fair LogExpo. Discover SLA LogExpo, the region's leading trade fair for logistics, mobility, IT and supply chain management.
